Dear Parents and Carers

Well done to all students and families who attended the 83rd annual St Anthony’s Day Procession on Sunday. Many students and families attended demonstrating positive support for our school and Parish. Many visitors on the day commented on the number of students who took part and made the effort to attend wearing their uniform on a Sunday. Some students and families also attended the mass prior to the procession and Benediction following the procession. On Friday we had a Whole School Mass to celebrate St Anthony’s Day. Congratulations to Shanae in 6 Blue and Harmony in Kindy Gold who were baptised at this mass in front of the school community.

Last Wednesday, our students participated in the P&F Fun Run. Thank you to the many parents who attended to assist and support and to the P&F Executive and Mrs Shakespeare for setting up the event. All had a great time and it was admirable to see parents and staff joining in the run with the students.

Reports will be posted onto the Connect,p link at the end of term. The following information forms the introduction of the report and helps us to understand what the report indicates about your child’s learning. This is not the only reporting mechanism in the school but provides a summary of how your child has performed against a set of learning descriptors for each learning area in your child’s particular year level. At the end of this term, as at the end of Term 1, selected workbooks will also be sent home for parent sharing and comment.

Understanding this report

Children receive an overall grade (A to E) for their achievement in each learning area. In some learning areas they may also receive a grade for the learning area components assessed. In Year 1 and 2, schools have the option to report using achievement descriptors rather than letter grades, for example ‘Satisfactory achievement’ rather than ‘C’.

Grading scale

GRADE DESCRIPTION

A The student demonstrates excellent achievement of what is expected for this year level.
B The student demonstrates high achievement of what is expected for this year level.
C The student demonstrates satisfactory achievement of what is expected for this year level.
D The student demonstrates limited achievement of what is expected for this year level.
E The student demonstrates very low achievement of what is expected for this year level.

The A – E grade scale summarises the standard of achievement associated with each learning area. The scale describes the depth of knowledge, understandings and skills that children working at that standard typically show. If your child receives a ‘C’ grade, they are achieving at the required level for their year. Maintaining a grade in a learning area from one semester to the next is an indication of positive achievement and expected development.

---

**Prayer for students making their First Communion**

O Jesus, who has loved us with such exceeding great love
as to give us the ineffable gift of the Holy Eucharist,
inflame us with a burning zeal to promote Thy glory
by preparing worthily the children
who are to approach Thy holy table for the first time.
Protect, O Sacred Heart of Jesus,
these young souls from the assaults of evil, strengthen their faith,
increase their love and endow them
with all the virtues that will make them worthy to receive
Thee.

Amen
A child who is on an Individual Education Plan will have progress reported against learning outcomes outlined in the Individual Education Plan – not using A-E grades.

Attitude and effort scale
O Outstanding VG Very good S Satisfactory I Inconsistent U Unsatisfactory

Earlier in the week we received the sad news that Mr Wayne McClure passed away. We offer our heartfelt sympathy to his wife Sarah, Ella in Year 6 and all other family members and friends. We ask the community to join us in praying for Sarah, Ella and family.

The First Holy Communion Workshop will take place next Wednesday evening at 5.00pm in the Parish hall, where our First Holy Communion candidates will have the opportunity to share what they are learning with their parents. Please keep these students in your thoughts as they continue their preparation for receiving the second sacrament of initiation.

Community members are invited to the next P&F Meeting on Thursday 25th June at 8.45am in the staffroom

God Bless

Mark Marando

CONGRATULATIONS TO THE STUDENTS WHO WILL RECEIVE THE FOLLOWING AWARDS

SILVER AWARD (Monday Assembly): Jack Savage.

GOLD AWARD (Monday Assembly): Ruby Russell.

Congratulations to the Surur family on the recent birth of Lucy. A sister to Bara (6G), Nora (4B) and Benjamin (2W)
To coincide with Archbishop Costelloe’s Lifelink Day and St Anthony’s School 80th Anniversary Celebrations, the Year 6 School Leaders co-ordinated a Mini-Fete for the whole school on St Anthony’s Feast Day. It was a great celebration with close to $700 being raised for Lifelink. Well done boys and girls!

A special thank you to all the boys and girls and their parents who participated in the St Anthony’s Day procession. Great work!

A reminder that the First Holy Communion Workshop for Year 4 parent/s and their children will be from 5.00pm-6.00pm next Wednesday 24th June.

God Bless
John Topliss
Assistant Principal

Congratulations to Angel Benoy in 6B for winning a prize in the West Perth International Football Festival. I have also attached a link for a printable copy of a Free Family Ticket for the upcoming West Perth v Subiaco game next weekend 27th June.

- Playing outside
- Lunchtime with our friends
- Fairytale fun... we acted out the Three Little Pigs story
- Fun run... future Olympians!
- We have been learning all about butterflies
- Run, run, as fast as you can!
- We love our new fairy garden
- Making gingerbread men in cooking
Year 4 RE News

This term the Year 4 classes have been preparing for our First Holy Communion.

We have been wondering about our bodies. How we are different and how we are the same.

We have been thinking about how we treat others and have been celebrating the Sacrament of Reconciliation.

We give thanks for our families and our friends and being part of God's family.
OSH CLUB NEWS

This week is about Ireland. We have been spending a bit of time this term looking at different countries around the world. We have done some craft activities that the children have worked very hard at, for example we made the Irish Flag, an Irish Snake and a four leaf clover. We have talked a little about some of the important days they celebrate like St Patrick’s Day.

We have been playing some group games when outside. Some of the children have been playing frisbee together and also playing lots of ball games. Remember to make sure your child has a jumper, as it’s cold when playing out in the afternoons.

Next week’s theme is Cuddly Bears. We will be doing some art and craft activities including a Paper Bear Bag, a fluffy Polar Bear and Polar Bear Painting. We will also be looking at where they live and eat. We may even go on a Bear Hunt.

It is very important to ensure all your bookings are done online and within the 9.00pm cut off time, as the service is growing. On the day, bookings are not always guaranteed so it is important that you allow enough time to book in. Also if your child is booked in and will not be attending, it is essential that you call and leave a message or text to advise us on the number below.

We offer breakfast until 8.00am and we also provide an afternoon snack for after school. We also provide a range of indoor and outdoor activities suitable for all different ages.

Hours of operation are 6.30am-9.00am and then from 2.40pm to 6.00pm. Please feel free to pop in and see us or you can contact us on 0428 161 879.

Kind Regards
Tina and Ryan

P & F NEWS

FUN RUN SPONSORSHIP REMINDER - Thanks parents for such a strong support with our Fun Run last week. It was great to see so many parents there supporting and even running with their children. Thanks very much to the class reps and all the parents who helped with the day. Just a reminder that the Fun Run Donation Form and money needs to be sent in next Friday 26th June at the latest. Also don’t forget you can use our online sponsorship page using the link is below. The sooner we receive all our Fun Run forms the sooner we can get the prizes out. Also the kids are looking forward to seeing who won the class prize too.  http://www.schoolfunrun.com.au/Fundraising_students_signup.

ENTERTAINMENT BOOK - Please remember to place your orders for the Entertainment Book as soon as possible, as membership is about to expire.

Thanks
Mel, Gill and Alison

MONDAY
8.00am - 9.30am

Hot Milo
Available at recess
$1.50

Peanut and Nut Aware School
Nuts, peanuts or any products containing nuts or peanuts are NOT allowed.

Please wash hands.
Clean hands help you to stay healthy and keep our friends safe.

Thank You!
HEALTH & PHYS-ED NEWS

CROSS COUNTRY - The forms for cross country have now been handed out and the permission slips should be returned to the classroom teacher. Students need to attend two training sessions next week in preparation for the carnival on Friday.

Training is offered on Monday at lunch time, Tuesday after school finishing at 3.30pm, Wednesday and Thursday mornings starting at 7.45am.

Maps of the venue and course were attached to the letter in the hope that you would be able to take your child to walk or run around the course before the day.

BADMINTON - After school badminton continues on Thursdays until 4.00pm finishing in Week 10 (next week).

WHAT’S YOUR RUSH?
One of the most common contributing factors in fatal and serious car crashes is speed. Speeding not only puts you at risk, but also endangers the life of your passengers, other motorists, pedestrians, your car and your wallet.

Figures show that speed was a factor in 35% of fatal crashes in Western Australia during 2001; with more speed related fatal crashes occurring in rural Western Australia. Remember, every 5km/h makes a difference.

50km/h SPEED LIMIT ON LOCAL STREETS
Up to a third of all fatalities and serious crashes in WA happen on local residential streets. Research shows a lower speed limit in built-up areas will save lives and reduce injury from road trauma.

In December 2001 a new default speed limit of 50km/h in built-up areas was introduced in WA. Local streets are the smaller roads in built-up areas that carry neighbourhood traffic, or give direct property access. Remember, unless otherwise signed the speed limit on local streets is 50km/h.

AROUND THE SCHOOL
Please remember to slow down when entering the carpark areas of our school. There are many students being dropped off and walked through the area and students are not always aware of vehicles around them.

LOST PROPERTY
There are still many jumpers and tracksuit tops in the lost property basket, most of which are not named. Please check here if your son/daughter has lost their clothing. All items left at the end of term will be washed and recycled through the uniform shop. Water bottles and lunch containers not collected will be binned.

REDUCE, REUSE, RECYCLE, RESPOND
Please aim to cut down on packaging and food waste in lunch boxes and pack lunches in reusable named containers.

At home recycle glass, cans, papers and other recyclables. Take action and support nutritious and waste free meals by purchasing fresh produce and bulk items.

Make a difference in your community!

Yours in sport
Anne Shakespeare

AWESOME MATHS STUFF THAT YOU CAN DO IN EVERYDAY LIFE

MIDDLE AND UPPER PRIMARY

• When playing board games (e.g. snakes and ladders or monopoly), use two dice. Let the kids choose if they want to move forwards by both, back by both, or forwards by one and backwards by the other.
• Let the child work out the logistics for their birthday party (or dinner, or a camping trip etc.) – how many cups, plates, packets of lollies etc. for the guests… as well as the timing (e.g. everyone will be here by 4:00 so we will play games until 4:30 and then serve cake. That will take 15 minutes. Then…)
• Arrange groups of objects into different arrays (like 12 muffins in a tin vs 12 eggs in a carton). Use existing arrays for calculations (e.g. looking at a wall of shoes in a sports shop, work out how many shoes that represents, calculate how many rooms in a hotel by counting the floors and the number of windows in each floor)
• Talk about how likely something is to happen and give your surety a numerical measure (e.g. a 50% chance of rain vs a 90% chance of rain according to the weather predictions)
• Let the kids cook – particularly recipes involving fractions of cups etc.
• Plan routes on maps. Work out the total distances involved, but also talk about the traffic and whether one route would be faster.
• When on the highway, estimate how long it would take to get to the next town given the speed limit and distance.
• Budget and save for holidays or larger items. Work out a payment plan (e.g. washing up is worth $__, but mowing the lawn is worth $__). Get them to figure out how to earn the amount of money that they want. Consider incentives (e.g. every time you save $20 we will contribute another $5) or loans (yes you can borrow the $50 from us, but you have to pay us back $55).
