- Letters detailing absentee information to parents whose students attend less than 90% each semester.

## SATISFACTION

Communication between the School (teachers and administration), parents and students takes place continually. The school administration and class teachers are in constant contact with parents and vice versa regarding issues that may arise or have arisen during the school year.

Surveys are conducted annually for students, parents and staff. The responses indicate that a very high majority of the three cohorts believe that the school meets and exceeds the needs of the students at the school.

The Quality Catholic School Framework also has a focus on the satisfaction of stakeholders.

It is acknowledged that a significant proportion of new parents who attend our school do so on the recommendation of parents currently within our school.
